PROFILE

Friendly student available at any shift.
Considered hardworking, punctual and driven.

OBJECTIVES

Seeking an opportunity where I can utilize my skills and knowledge to the growth of an organization. Social media enthusiast looking for a similar job profile in a creative well-established media agency.

WORK AND EXPERIENCES

Being an IT student, I have learned to develop different ideas and how to tackle with problems through different project, elective subjects and practises during my college. It helped me grow my skills in team collaboration and verbal communication.

After all these years, I have developed many skills for my carrier. I have a good computer proficiency. I have basic knowledge on web development, Python Programming, React and also on .net. I have completed different project in my bachelor such as:-

- "online food ordering system"
- "Road Lane line Detection System"
- "Automatic attendance System using Face Recognition" etc.
